HOW TO FILE A CLAIM

Filing a claim with AutoDrive is simple and efficient. If your vehicle breaks down, the first step is to prevent any further damage by stopping the vehicle and contacting the issuing dealer or any authorized repair facility.

The repair facility must then call AutoDrive's claims department at 1-844-995-7700 to obtain authorization before starting repairs. This ensures the repairs are approved and covered under your contract.

In some cases, a teardown or inspection may be required to determine the exact cause of the failure, and all repair orders must include the authorization number provided.
