RIDE FORCE SECURE

Coverage That Keeps Up with Every Ride

BUILT FOR THE BOLD

Off-road vehicles like ATVs and dirt bikes are made for action—but adventure can be hard on your machine. Whether you're blazing trails, climbing dunes, or riding for sport, one thing is certain: unexpected breakdowns shouldn't stop you. Autodrive's Sports Vehicle Warranty is engineered for performance under pressure, delivering protection where your factory warranty leaves off.

We understand that power sports vehicles face unique wear and tear. That's why we offer specialized coverage for high-impact components like suspension systems, drivetrains, and high-revving engines—so you can focus on the thrill, not the repair bills.
